Wood Working & Finishing Kit

From start to finish, our kit provides all the ingredients for a successful project. It is recommended that abrasives included in this kit be used to remove tooling marks, eliminate imperfections, and to smooth the overall roughness, producing a fine finish.

This is a great set for the beginner or intermediate wood crafter providing a range of products that will surely meet all of your creative needs!

Product Number:
#5111

Kit Contains: Garnet Wood File (1), Double Coated Micro Finishing Film (1), 1/8" Craft Files (2 of each), 1/4" Craft Files (2 of each), 3/4" Craft Files (medium & coarse 1 of each), Sanding Needles, medium & coarse (4 of each), Craft Films 100, 150, 240, 400 Grit (1 of each), Adhesive Backed Film (150, 320, 400, 600 & 1000 Grit (1 of each), Acrylic Shapes, Flexible Detail Sanding Kit 100, 120, 150 & 220 Grit (1 of each pad), Abrasive Cleaning Disc (1), Rubber Gloves (1 pair)

Locking Scissor Clamps

The ideal product that locks and holds small and large craft pieces while you work. Made of flexible recycled plastic these hemostat style clamps hold parts securely without marking, denting, or damaging delicate crafting materials. Multiple clasping rungs allow the crafter to vary the opening and clamping pressure. The all plastic construction is made with long lasting living hinge design for smooth and accurate clamping pressure. This is a truly unique crafting product. Ideal for holding parts in place while detailing, sanding, gluing, painting, air brushing, or assembling.

Product Number:
#5501

Kit Contains: 3 Locking Scissor Clamps

Plastic & Resin Detail and Finishing Kit

This kit provides all the necessary material for the crafter that really thinks outside the box on their custom creations. Use the assortment of abrasive products to buff, sand, and polish plastic castings. Remove imperfections or simply sand to erase plastic edge joints for a flawless finish. From initial moulding and resin pouring to precise finishing and clean up this kit has the needed elements for a successful craft!

Product Number:
#5222

Kit Contains: 1/8" Craft Sanding Files (1 of each grit), 1/4" Craft Sanding Files (1 of each grit), 3/4" Craft Sanding Files (1 of each grit), Micro Fine Film - 150, 240 & 320 Grit (1 of each grit 2" x 4" sheet), Flexible Detail Sanding Kit (1 of each pad 100, 120, 150, 220, 240, 320 Grit), Abrasive Cleaning Disc (1), Plastic Hemostat (1) and Rubber Gloves (1 pair)

Microbrushes

Microbrush applicators bend easily to any angle and allow for the placement of material in areas of limited access. Materials to be applied using any one of the Microbrushes, is suspended between the fibres creating a non-drip application. The non-drip application retains the material until it is applied. The Microbrushes can be used for applying glue, paint, lubrication materials, and solvents.

Product Number:
#5131 - Black Ultrabrush - 25 pack
#5132 - White Superfine - 25 pack
#5133 - Yellow Fine - 25 pack
#5134 - Green Regular - 25 pack
#5135 - Assorted - 40 pack

Abrasive Cleaning Disc

Crafty Cat's Abrasive Cleaning Disc clean out clogged abrasive tools. This product can remove crafting mediums including metals, wood, plastic, paint or fabric fibres stuck on abrasive crafting instruments. The cleaning disc is made from natural rubber which is soft contributing to gentle cleaning that will not damage or dull your crafting abrasives. This product has the ability to extend the life of abrasive tools, allowing prolonged performance!

Product Number:
#5701

Kit Contains:
1 Rubber Cleaning Disc
2" Diameter (5 cm)
1/4" Thick (1cm)

Distressing and Antiquing Kit

This kit is designed for use on paper crafts, scrapbooking, card making, and fabric crafts. To achieve slightly antiqued patinas sand lightly with the finer grits included in the kit. For a more weathered look, apply coarser grits and increase pressure creating a harsh wear and tear look. The "Shabby Chic" look achieved by abrasive distressing can be incorporated into many projects not just smaller crafts. By distressing different decors, and mediums small and large crafting projects can be given an aged appearance.

Kit Contains: Flexible Detail Sanding Kit - 100,120, 150, 220, 240, 320 Grit Pads (1 of each pad), Foam Block 60/100 Grit (1), Plastic Sanding Needles (2 of each grit), 3/4" Craft Sanding Files (1 of each grit), Waterproof Sheets - 320, 400, 600,1000, 2000, 4000, 6000, 12000 Grit (1 of each sheet 3" x 4"), Small Distressing Pad (1) & Abrasive Cleaning Disc

Product Number:
#5333

Fimo Extrusions

Product Number:
#5650 - "Fruit"

Product Number:
#5651 - "Flowers"

Crafty Cat Fimo Extrusions put the finishing touch on crafting and miniature projects! Cut these flexible canes to varied thicknesses and shapes and apply to craft projects. Fimo pieces can be added to a wide range of crafts including paper, miniatures, dollhouses, jewellery or fabric crafts. The usage possibilities are only limited by your imagination!

Metal Working & Jewellery Kit

Refine and polish metallic surfaces with Crafty Cat's Metal Working & Jewellery Kit. This kit supplies unique products specifically designed for your unique metal craft projects. This kit allows you to progress from a satin or matte finish to a high gloss polish. Progress from coarse to fine grits, making sure not to skip any until you reach your desired sheen. Professional results are achievable when applying this kit to your metal and jewellery crafting projects.

Kit Contains: Double Coated Micro Finishing Film (1), Mylar Strip - 320 Grit (1), 1/8" Craft Sanding Files (4 of each grit), Plastic Sanding Needles (4 of each grit), Micro Fine Assorted Sanding Film - 15000, 20000, 30000, 40000, 60000 (1 of each grit 3" x 4"), Micro Finishing Cloth Abrasive Strip - 3200, 3600, 4000, 6000, 8000 & 12000 Grit (1 of each strip 2" x 4"), Crafters Micro Fine Files - 1000, 2000, 4000, 6000 & 12000 Grit (1 of each grit), Flexible Detail Sanding Kit - 320, 400 & 12000 Grit (1 of each pad), Abrasive Cleaning Disc & Rubber Gloves (1 pair)

Adhesive Back Craft Film & Profiling Sticks

Crafty Cat's Adhesive backed abrasive makes it fun and easy to make your own sanding tools! This kit contains 3 acrylic shapes, square, round and triangle, for polishing and sanding. The adhesive back leaves no residue on your custom sanding tools and the abrasive is easy to remove and reapply elsewhere.

Kit Contains: 1 Sheet of each grit
150, 320, 400, 600 & 1000 and
3 profiling shapes

Product Number:
#5201

Professional Sanding Film

These assorted abrasive sheets have razor sharp grit that is embedded into a double coating. This double coating produces a long lasting and resilient product. Professional Sanding Film will not peel or crack, even under heavy crafting use and strain! This product is a must have for sanding and polishing any wood, plastic, metal, beading, or jewellery craft.

Kit Contains: 1 Sheet of each grit
150, 320, 400, 600 & 100

Product Number:
#8802

Abrasive Sheets for Ultra-Fine Finishes

This product is our finest polishing medium coated on a strong mylar film backing. This grit assortment is perfect for removing imperfections from moulded and painted surfaces and is ideal for metal, beading, and jewellery polishing.

Kit Contains: 1 Sheet of each grit
1000, 1500, 6000 & 10 000

Micro Finishing Cloth Abrasive Strips & Foam Block

Unlike common abrasives, our Micro Cloth produces a fine even scratch pattern without creating deep uneven scratches which are difficult to remove. The Micro Finishing Cloth is manufactured with a special cushion layer that allows the abrasive crystals to float, allowing the abrasives to produce a finer more consistent pattern. The Micro Finishing Cloth is colour coded for easy grit identification. Use the double density foam block to support the abrasive cloth for fine detail finishing and polishing.

Kit Contains: 1 - 2" X 8" Strip of each grit
3200, 3600, 4000, 6000, 8000 & 12 000
and Foam Block

Product Number:
#5300

Micro Fine Flexible Detail Sanding Kit

The incorporation of the Micro Fine Finishing Cloth and the Flexible Detail Sander now allows crafters more exciting ways to use our products! The Micro Fine Detail Pads are designed with a thicker foam core for extra cushioned support. Pads can be used wet or dry, and are 100% waterproof. This product is reusable, washable, and can be cleaned with the Abrasive Cleaning Disc.

Kit Contains:
3 Black Rubber Holders
2 Pads of each grit: 320, 400 & 12 000

Product Number:
#5801

Micro Finishing Cloth Abrasive Pads

Micro Finishing Cloth Abrasive Pads are double sided abrasive laminated to a resilient foam core that easily conforms to curved or ornate surfaces. When used dry, Micro Cloth outlasts common abrasives up to 7 times, when used wet, Micro Cloth outlasts up to 10 times! In order to obtain professional grade finishes progress through the grit range gradually. Use an even and consistent rubbing pattern to achieve an even, polished finish.

Product Number:
#5200

Kit Contains:
1 - 2" x 2" pad of each grit
3200, 3600, 4000, 6000, 8000 & 12 000

Flexible Detail Sanding Kit

This products flexible rubber design makes it easy to get around tight corners and to smooth surfaces with ease. The rubber holder has a moulded grip marks so it will not slip onto unwanted areas when you are sanding. These features allow for precision handling and contourability. The assortment of grits available in each kit can be used to produce creative smoothing and distressing styles.

Kit Contains:
1 Black Rubber Holder
1 Pad of each Grit - 100, 120, 150, 220, 240 & 320

Product Number:
#5901

Micro Finishing Cloth Abrasive Sheets

This is the perfect system for serious polishing! Newly designed, the innovative cloth finishing system produces superior flexibility because of its soft cushion coating. Pulled and stretched under pressure and strain this unique product keeps its shape and refuses to tear. The Micro Finishing Cloth is colour coded making easy grit identification possible. With the ease of use and coordinated grit colouring this product is perfect for many crafts that require precisely polished end results.

Product Number:
#5250

Kit Contains:
1 - 3" x 4" sheet of each grit
3200, 3600, 4000, 6000, 8000 & 12 000

Flexible Detail Sanding Kit Refills

Sanding Kit Refill Pads are a cushioned abrasive pad made specifically for use on the Flexible Detail Sander. Pads can be used wet or dry and are 100% waterproof. This product is reusable, washable, and can be cleaned with the Abrasive Cleaning Disc.

Kit Contains:
6 Cushioned Backed Adhesive Refill Pads

Refills:
Peach - 320 Grit
Orange - 240 Grit
Spring Green - 220 Grit
Dark Green - 120 Grit
Light Purple - 150 Grit
Dark Purple - 100 Grit

1/8" Craft Sanding Files

These files are light weight multipurpose instruments. The size and hooked end design of these sanding files allows crafters to get into obscure spaces or parts that need a delicate sand. Don't settle for poor quality ungraded off cuts for your projects that demand the best!

- Product Number:**
 #5305 - Coarse 100/150 Grit
 #5306 - Medium 120/220 Grit
 #5307 - Fine 240/320 Grit

These files can be used to sand rough edges, scuffs, scratches, imperfections, and indents. When progressing through a crafts such as wood or jewellery a steady application through coarse, medium, and fine grits will produce optimal results, as each file is tailored for a specific job. Craft files are highly durable, reusable and 100% waterproof which is a great advantage to the number of diverse projects that can be completed.

Double Coated Micro Finishing Film

This product is made with a strong polyester backing and is double coated with 150 grit and 320 grit. The Micro Finishing Film is a firm unbreakable material and can be tugged, pulled, and sanded in tight spaces without breaking. Unique in its application, the Double Coated Micro Finishing Film roughs and finishes in one complete product.

- Kit Contains:**
 1 Double Coated Micro Finishing Film Strip
 1/2" x 40"

Product Number:
 #5601

Garnet Wood Working Files

Garnet is a natural mineral obtained from Mother Nature and is known for its ability to produce the best quality wood finishes. This product is coated on heavy Mylar backing allowing for heavy sanding without breaking down or tearing. This product has a tapered shape giving it more sanding area and a longer life. Our Garnet files are capable of sanding and finishing both soft and hardwood surfaces producing superior finishes.

- Kit Contains:**
 2 - Garnet Wood Working Files
 80/180 Grit

Product Number:
 #5115

Super Sanding & Finishing Foam Block 4 Pack

Super Sanding & Finishing Foam Blocks are made with soft foam and are coated with abrasive particles. The inner foam core provides a cushion for your sanding comfort on long sanding projects. The size of the surface area also allows you to cover more ground in a shorter period of time. The foam blocks can be used on wood, fabric, paper, and mixed media distressing creating an aged and roughed look. Use wet or dry for professional results everytime!

Product Number:
#5100

Kit Contains:
1 of each Foam Block
Purple 60/100, Orange 180/180,
Yellow 240/240 & Blue 320/320

Craft Distressing Block

The unique foam padded core of the Crafty Cat's Distressing Block supplies cushion and allows for sturdy flex and bend when distressing crafts. Its hand sized design produces control and is a must have when achieving worn and antiqued looks. Unique in design and unlike other distressing blocks this product is double sided and has both coarse and fine abrasives embedded.

Product Number:
#5750

Kit Contains:
2 - Distressing Blocks
Small & Large

1/4" Craft Sanding Files

1/4" Craft Sanding Files are specially manufactured for detailing plastic, resin and wood craft projects. These files are light weight, waterproof, washable, and reusable making this product a must have. Coated on a tough mylar backing, the abrasive will withstand bending and twisting without cracking or peeling.

Product Number:
#5308 - Coarse 100/150 Grit
#5309 - Medium 120/220 Grit
#5310 - Fine 240/320 Grit

These files can be used to sand rough edges, scuffs, scratches, imperfections, and indents. When sanding wood or jewellery crafts a steady progression through coarse, medium, and fine grits will produce optimal results, as each file is tailored for a specific job.

3/4" Craft Sanding Files

3/4" Craft Sanding Files give you plenty of feedback that prevents excessive material loss. The key to great results is using the proper progression of grits. Always work from coarse to fine in order to remove any scratches, dents or imperfections. These files are light weight, waterproof, washable and reusable making this product a must have!

Product Number:

- #5311 - Coarse 100/150 Grit
- #5312 - Medium 120/220 Grit
- #5313 - Fine 240/320 Grit

Use Crafty Cat's coarse files for your first step in the finishing process. By using the coarse abrasive you can quickly erase large imperfections and defects. The medium sanding file allows you to smooth and progress to the perfect finished project! This step allows you to eliminate the coarser scratches created during the initial sanding. Use the fine sanding files for the flawless finish you desire. If you are working with delicate pieces such as polystyrene or resin parts the fine files give you plenty of control.

Master Crafter Combination Set

This product is ideal for sanding and blending materials of dissimilar texture and hardness, without digging in or scratching. Whether you work with wood, metal, stone, plastic or fibre there is a Crafty Cat Crafter's File unique for your application!

Triple Grit Polisher/Finisher

The Triple Grit Polisher/Finisher is a unique innovation that has been designed primarily for removing imperfections and restoring original finishes on clear plastic areas. It also works equally well on plastic, metal, and painted surfaces. This product cleans and polishes in three easy steps:

1. Use the black area to remove imperfections and scratches
2. The white area smooths creating a smaller scratch pattern
3. Vigorous buffing with the grey side produces a bright, high gloss finish

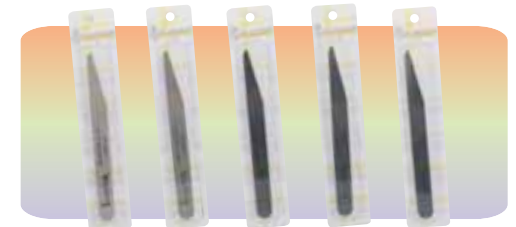

Product Number:
#8321

Crafter's Files - Micro Fine

Product Number:

- #9120 - 12 000 Grit
- #9600 - 6000 Grit
- #9400 - 4000 Grit
- #9200 - 2000 Grit
- #9100 - 1000 Grit

This product should primarily be used on polishing surfaces that require a high gloss sheen. This product can be used wet or dry.

Plastic Sanding Needles

The unique design of the Plastic Sanding Needles allow crafters to access and work on any project that has detailed surfaces or small crevices. The pointed tip is specifically designed to sand and finish hard to reach areas and is perfect for minuscule and elaborate projects. When even the smallest of crafting chisels are too big for some projects, these Plastic Sanding Needles will be a big relief!

Product Number:

- #5401 - Coarse 100 Grit
- #5402 - Medium 220 Grit
- #5403 - Fine 320 Grit

The Plastic Sanding Needles are coated with a durable, long lasting abrasive coating and are colour coded enabling you to easily pick-up the correct grit needed, even from a cluttered work station! Apply the three grit range of abrasive needles on your crafting project or designate one grit per crafting application, depending on the craft and look desired. Plastic Sanding Needles are washable, reusable, and excess debris can be removed and cleaned by using our Abrasive Cleaning Disc for extended performance!

3 in 1 Set

Crafty Cat's 3 in 1 Set is a collection of 3 Aluminum Frames and an assortment of abrasive sanding tapes. Abrasive sanding tapes included cover the entire Crafty Cat grit range starting as fine as 1000 grit and going as coarse as 100 grit.
